

FOOD PROCESSOR 7L

Model: K70

Article no: 600513

Power supply: 230V 1Ph ~50/60Hz

2 in 1 machine: a robust tabletop cutter and emulsifier with an ergonomic and easily dismountable scraper, liquidizing, mixing, chopping, mincing, and pastry-making. The lid is translucent and has a central opening with the ability to add ingredients in the midcycle.

All parts in contact with food are removable without the use of tools, completely dismountable and dishwasher safe.

The food processor is made of stainless steel with a 7-litre bowl and has a high chimney to ensure high productivity also when processing liquids (75% of the nominal capacity).

The micro-toothed blades are made of 420 AISI stainless steel and the ergonomic scraper is made of high resistant composite material to ensure consistent mixing.

The control panel is flat and waterproof with on/off button and pulse function. Microswitch and safety devices on handle, lid and bowl. Pulse function to coarse chopping. The feet are reinforced to withstand the continuous movements of the unit. Kit to convert food processor into vegetable slicer available as an accessory.
